

## Accessibility Statement

We consider it important that our websites, apps, and software are accessible to everyone. We take accessibility into account at every step of the development process.

### Websites

These are our websites:

- Abra Website: [abra.ai](https://abra.ai) and [abra.nl](https://abra.nl)
- Abra Academy: [academy.abra.ai](https://academy.abra.ai)
- Abra Dashboard: [dashboard.abra.ai](https://dashboard.abra.ai)

We are committed to meet [WCAG 2.2 level AA](#).

### Apps

These are our apps:

- Abra Mobile (Android and iOS)

We are committed to meet [WCAG 2.2 level AA](#). We use [Mobile Accessibility Mapping](#) to apply the requirements to apps.

### Software

These are our software products:

- Abra Desktop (macOS)
- Abra SDK

We are committed to meet [WCAG 2.2 level AA](#). We use [WCAG2ICT](#) to apply the requirements to software.

### Accessibility issues

Send an e-mail to [info@abra.ai](mailto:info@abra.ai) to report an accessibility issue.

**Known issues:**

1. On our websites, some images have Dutch alt-text instead of English. This is a limitation of our Content Management System. We expect to resolve this issue by the end of 2024.
2. On our websites, the captions below images are not linked using `<figcaption>`. This is a limitation of our Content Management System. We expect to resolve this issue by the end of 2024.
